As a Cyber Security Enthusiast with over 2 years of experience, I have developed expertise in Cloud Computing, Cyber Security, Ethical Hacking, Linux, Web Application Penetration Testing, and Digital Forensics. I am currently pursuing AWS Certified Solution Architect and EC Council Certified Cloud Security Professional Certification to stay at the forefront of the rapidly evolving field of cybersecurity and cloud computing. My Research Analysis, Communication, and Leadership skills have allowed me to conduct Cyber Security and Ethical Hacking workshops for students and professionals at over 10 colleges. I have a proven track record of heading the Morpho X cyber security club at my college and organizing various programs in district levels, which demonstrates my leadership and organizational skills.

Work History

2022-06 - Current	Bug Bounty Hunter and Instructor <i>Ethical Security Experts, Mangaluru</i> <ul style="list-style-type: none">Leading content creation team to create content for bootcamps and courses, with in-depth research and tailoring contents according to requirements. And conducting Cyber Awareness and Ethical Hacking trainings and Workshops, covering Cyber Security, Web Application Security, Computer Forensics and Cloud Computing with AWS.
2021-12 - 2022-06	Cyber Forensic Investigator Intern <i>Cyber Sapiens, Mangaluru</i> <ul style="list-style-type: none">As a cybercrime investigator, I have had the opportunity to delve into a variety of intriguing cases, including social media crimes, loan app frauds, fake profiles, and phishing schemes. Utilizing my skills in OSINT and computer forensics, I have been able to complete the assigned tasks.My internship experience has also afforded me the chance to delve into the realm of malware analysis, further honing my expertise in the field. 2021-06 -
2021-08

Full Stack Web Developer Intern

ShapeAi(Devtown), Mumbai

- I gained hands-on experience in developing and designing web applications by utilizing various technologies and tools.
- I honed my skills in HTML, CSS, and Bootstrap, which helped me to create responsive and visually appealing web pages. Additionally, gained deeper understanding of database management and cloud computing through working with Mysql, AWS, and Azure.

2021-06 -
2021-08

Forensic Investigator Intern

Sherlock Institute of Forensic Science, New Delhi

- I had the opportunity to gain practical experience in Crime Scene Investigation, Signature and Handwriting Analysis, Fingerprint Examination, and Face Recognition.
- I learned the methodologies, techniques, and procedures used in Forensic Science, and I gained hands-on experience in processing crime scenes, analyzing signatures, and identifying latent fingerprints.
- Additionally, I received training in facial recognition software and gained insights into how to use this technology to identify suspects.

Education

2020-09 -
2024-06

Bachelor's of Engineering: Computer Science

Srinivas Institute of Technology - Mangaluru

- Awarded SPL Quiz Premier League and Corporate Quiz Winner.
